Performance Reflection and Self Observation

Name Natalie Collier Class Vocal Music IV

Using a separate piece of paper, please compose your answers to the following questions.

1. What were 3 things that you did well during the performance?

During the performance, I communicated the message of the pieces very well. I also enunciated my consonants and sustained the vowels correctly. As an audience member, I conducted myself in a

2. What choral rehearsal techniques assisted you most during the performance? While on stage, I was reminded of the literature sheets that we completed in class. Learning the background and history of pieces assisted my efforts to communicate the message of the piece. respectful manner.

3. What vocal techniques assisted you most during the performance?

My knowledge of the differentiation between forward and back placement allowed me to modify my mouth placement in order to fit the style of each piece.

4. What are 3 things that you could have done better? What would you have done differently?

I believe that I could have been more prepared in my note knowledge for the performance. I also could have had better alignment and more sleep beforehand to make the most beautiful

5. As an ensemble, what do you think about your performance? Which selection do you think you performed the best? I know that as a whole, our ensemble did our tone.

but work with the time we were given to rehearse. In my opinion, music in my mother's house was our best performance because of our diction, knowledge of notes and rhythm, and

6. What other performing ensemble did you enjoy most? Why? The Men's Ensemble excellently performed their whole song with adequate preparation and stage presence, bringing a lot more to the song than

7. What did you think about the performance venue? Acoustics? The Wakefield High School Auditorium was an excellent performance venue because it resonated our pure, clean, open vowels with its acoustic design. Other ensembles or selections.

8. What were some comments that you heard from others (friends/family) that attended the concert? Personally, my family was very impressed with our performance of credo. They specifically mentioned our endurance in the lengthy worship song and praised the

9. What other comments or observations do you have regarding the concert and specifically your contribution to the overall product? solutions for their faults
